A photograph of a well-organized closet. The closet features wooden shelving units. On the left side, there are several shelves filled with neatly folded clothing items in various colors, including red, pink, purple, teal, and white. The central and right portions of the closet are filled with hanging clothes on metal hangers. The clothes include a variety of styles, such as patterned dresses, solid-colored blouses, and jackets. The overall lighting is soft, and the colors are muted, giving the image a calm and organized appearance.

YOU LOVE

Hi, I'm Blair

FOUNDER & HEAD STYLIST

As a mom of three, it was hard to feel stylish with little to no time. But when I dressed well, I felt better! Be Styled was founded to help YOU feel better in easy, attainable, stylish outfits for every day life. No matter which stage of life you're in, you deserve to feel confident and beautiful and we firmly believe the clothes you wear have a direct impact on your mood and mental health.

MEET THE TEAM

Blair, Founder & Owner

Blair went to the Fashion Institute of Technology in NYC and spent years in Marketing & Sales until she founded Be Styled Co. Her style leans to the classics but she loves a great trend and helping clients step out of their comfort zones with styles & silhouettes they normally wouldn't try.

Allie, Stylist

Allie's style is effortless/edgy. She's the "hype woman" you need to radiate confidence from the inside out. Her optimism is contagious and she's been called "a fashion expert with a little bit of therapist thrown in!"

Kassi, Stylist

Kassi has worked in fashion for 7 years as a Senior Stylist/Manager at high end boutiques. Kassi loves helping women find the perfect pair of jeans, professional looks, and express their personality through style!

Jen, Marketing

Jen has a Master's in communications and is our in-house beauty/lifestyle editor. Thanks to Blair, Jen's finally out of her daily leggings and is having fun finding her personal style!

A woman with blonde hair is smiling and looking towards the camera. She is standing in a well-organized closet. The closet shelves are filled with various types of shoes, including sneakers, boots, and high-heeled shoes. There are also some clothing items hanging on racks in the background. The overall atmosphere is bright and positive.

CLIENT EXPERIENCES & STORIES

*From stay-at-home moms to executives with no time to shop,
we help YOU in any stage of life!*

Jenny's Struggle

"I've always struggled with feeling like I didn't have a personal style. I loathe shopping because I don't know what to shop for. I'd buy something and immediately have buyers remorse. I didn't know what to pair it with to make an outfit.

I relied on rental companies when I needed something "special" and **let my tired, decade-old wardrobe remain, regardless of how it made me feel. I never felt like me!"**

Meet Jenny

BE STYLED CLIENT, 2023

"My husband wanted me to feel confident so he (praise the LORD) surprised me with a stylist from Be Styled and I'm forever grateful! This experience has truly *changed my life.*"

This process reminded me how important it is to take care of myself. I love being a mom/wife so much yet rarely leave space to just be (or recognize) me.

JENNY'S BREAKTHROUGH

I remembered who I am - independent of all the hats I'm honored to wear - and it filled me up in indescribable ways.

I can now wear *all of my hats* with a little more *swagger!*

WHAT OUR CLIENTS THINK

About the Experience

“I was afraid I’d feel intimidated or self-conscious in this process, but I could not have been more wrong! Don’t hesitate!”

-Courtney A.

“With a mix of excitement and terror at the thought of going through my clothes, she was the perfect mix of trusted friend and fashion expert (with a little bit of therapist thrown in!)”

-Sami C.

Frequently Asked Questions

How can I justify this cost? What will I gain?

You'll learn how to shop with intention. Knowing which styles, fabrics and brands work for you will significantly cut down on mindless spending. You're probably buying a lot of the wrong items, thus, the cost will pay for itself once you cut out buying pieces that don't work for your shape and lifestyle.

What if I don't like how clothes look due to my weight? Should I wait to lose weight?

Feeling stylish & confident shouldn't wait. You'll learn techniques to conceal parts you dislike, and highlight parts you love. There's an arsenal of brands that flatter any body shape/size that will transition seamlessly to your changing shape.

What if I hate all my clothes but don't have the budget for a whole new wardrobe?

You may think you "hate" your clothes, but it's more so the case that you don't know how to style them in a way that excites you. You may be surprised you don't even need to shop, or if you do, it's mainly some great basics to fill in the gaps and maximize what you already own!
